

Massage Jets Compared:

Find the Best Jets for Your Body

Designed for ultimate comfort and relaxation, Hot Spring offers the most innovative jets on the market. Experience soothing relief exactly where you need it.

Highlife® Collection spas offer the widest variety of jets to meet all of your body's needs.

Highlife® Collection Jets

QUARTET® JET SYSTEM

Neck, Upper Shoulders

Four jets work in harmony to melt away tension from your neck.

SOOTHINGSTREAM® JET SYSTEM

Shoulders, Upper Back

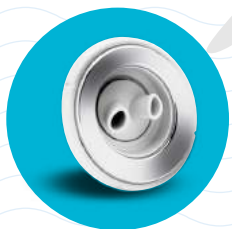

Twelve rotating ports provide a pulsating massage over a broad area.

ROTARY HYDROMASSAGE JET

Shoulders, Spine

These jets melt away tension with a swirling stream of water.

HYDROSTREAM® JETS

Lower Back

These jets provide a powerful, steady stream for maximum relief.

★ MOTO-MASSAGE® DX JETS

Full Back

This moving jet is unlike any other on the market. Two streams of water sweep up and down the entirety of your back, making for a powerful full-back massage that revolutionizes hot tub hydrotherapy.

ROTARY PRECISION® JETS

Wrists

Delicate areas, such as wrists, deserve a gentle massage.

JETSTREAM® JETS

Lower Back, Feet

This is our most powerful jet. It helps release tension from your hardest working parts.

DIRECTIONAL PRECISION® JET

Back, Feet, Calves

Direct the flow to provide relief just where you need it.
